● WORK EXPERIENCE

ADVENTURE DHAKA LIMITED – DHAKA, BANGLADESH

SENIOR SOFTWARE ENGINEER – 01/01/2025 – CURRENT

- Contributed to the development and maintenance of skyticket.com, a global travel booking platform offering air tickets, hotels, car rentals, ferries, train and bus services
- Worked within a microservices-based architecture, where the core air ticketing module was developed using Core PHP, and supporting services were built using modern frameworks like Laravel, Spring-boot, React.js, Vue.js, and Next.js
- Responsibilities included implementing new features, optimizing performance, integrating third-party APIs, maintaining cross-service communication, and ensuring a seamless booking experience across various service modules

DATASOFT SYSTEMS BANGLADESH LIMITED – DHAKA, BANGLADESH

SENIOR SOFTWARE ENGINEER – 01/02/2024 – 31/12/2024

- Contributed to the development of [Microfin360](#), a comprehensive microfinance management platform
- Worked within a microservices architecture to ensure scalability and modularity
- Utilized CodeIgniter and Laravel for backend services to manage core financial operations
- Developed interactive frontend interfaces using Vue.js, ReactJS, Next.js, and NextUI
- Implemented new features, improved performance, and ensured smooth integration across services

KAICOM SOLUTIONS – DHAKA, BANGLADESH

SENIOR SOFTWARE ENGINEER – 01/10/2022 – 31/01/2024

- Developed and maintained StudyLity, a study time tracking application focused on enhancing students' learning efficiency
- Built backend services using Django and Django REST Framework for robust API development
- Designed and implemented dynamic frontend interfaces using React
- Integrated Neo4j to manage and query complex relationships for user study patterns and progress tracking
- Implemented features for tracking study time, setting learning goals, and monitoring progress
- Optimized application performance and ensured seamless interaction between frontend, backend, and database layers

DOCOMMERCE LTD – DHAKA, BANGLADESH

SENIOR SOFTWARE ENGINEER – 01/07/2020 – 30/09/2022

- Developed and maintained multi-vendor SaaS e-commerce platforms with a focus on performance, scalability, and security
- Built separate panels for Super Admin, Merchant, and Shop Owners using Laravel and Vue.js
- Implemented advanced features like customizable themes with segment-specific editing (e.g., header, footer)
- Enabled cross-merchant and cross-shop product selling to expand marketplace flexibility
- Ensured smooth user experience and efficient data flow across all platform modules

MEDIUSWARE – DHAKA, BANGLADESH

SOFTWARE ENGINEER – 01/06/2019 – 30/06/2020

- Participated in the design, development, and testing of software solutions for clients in various industries
- Collaborated with stakeholders to gather requirements and ensure timely delivery of projects

- Assisted in troubleshooting and resolving software defects and performance issues

 **NGEN IT** – DHAKA, BANGLADESH

SOFTWARE DEVELOPER – 01/08/2018 – 31/05/2019

- Participated in the design, development, and testing of software solutions for clients in various industries
- Collaborated with stakeholders to gather requirements and ensure timely delivery of projects
- Assisted in troubleshooting and resolving software defects and performance issues
